

EMAIL 2 – Expression of Interest in Summer Internship

To: hr@companyname.com

Subject: Application for Summer Internship 2025 – Integrated M.Tech CSE Student | Bhavishya

Dear Hiring Team,

I am Bhavishya, a first-year Integrated M.Tech student specializing in Computer Science and Engineering at VIT Bhopal University (expected graduation: 2030). I am writing to express my interest in a summer internship opportunity at google for the May-July 2025 period.

I am currently building foundational skills in Python, C++, and machine learning through my coursework, and I am looking for an opportunity to apply what I have learned in a real work environment. I came across google through college placement and was particularly interested in your work in data engineering.

I have attached my resume for your consideration. I am flexible with timelines and open to both in-person and remote formats. I would be grateful for the opportunity to speak with you or anyone on your team at your convenience.

Thank you for taking the time to read this email. I look forward to hearing from you.

Regards,

Bhavishya
